

National Register of
Public Service Interpreters

November 2017

To whom it may concern

NRPSI Registration

The NRPSI annual registration fee from 1 September 2017 is £220.00 (incl VAT).

The registration fees should be considered as a professional subscription, as registration is required solely in order to be able to work as an interpreter in the UK. Although registration is not a statutory requirement, it is widely considered to be essential, for example registration with NRPSI is mandatory for working with the Metropolitan Police in London, and the Law Society specifies to their members that interpreters should be sourced from the National Register.

The subscription fees paid to NRPSI are wholly and exclusively for the purpose of carrying out the profession of public service interpreting and should therefore be a deductible expense for tax purposes.

A receipt showing evidence of paying the annual fee is available if required.

Yours faithfully,

Registration Team
