The International School of Linguists (ISL) would like to share with you an exciting offer, available exclusively to NRPSI Registrants. CPD Central, a CPD training platform, is an online learning space through which linguists can access live CPD training, e-learning and additional resources aimed specifically at those settings and assignments relevant to public service interpreters. ISL's CPD is accredited and PAIT-approved and each module comes with a Certificate of Attendance, complete with CPD points.

CPD Central runs 10-15 live events per month and the subscription normally costs £9.95 per month (with no minimum subscription term). As an exclusive offer available only to NRPSI registrants, you can now access this service for only £7.95 per month.

Simply visit the CPD Central web page <https://islinguists.com/courses/cpd-central-expert-bundle/>, click on Get Started and apply Coupon Code CPDforNRPSI to benefit from this offer. Please also make sure to provide your NRPSI registration number in the Comments section within the Checkout process so your entitlement can be verified.
