### Call to take part in a survey

Dear NRPSI Registrant,

I'm conducting my PhD research on **Equality, Diversity, and Inclusion within UK Public Service Interpreting**, and I'm gathering insights from public service interpreters about their job quality, including pay, health and safety, financial security, and job satisfaction.

The questionnaire incorporates models from Eurofound's studies on trends in job quality, which provide a multidimensional analysis of working conditions. These models are widely recognized in European policy and research contexts ([Eurofound](#), 2021), and I believe they will help provide important insights into interpreters' experiences.

The survey is anonymous and will take around 20-30 minutes to complete. Interpreters' responses will be vital in highlighting the challenges interpreters face, and ultimately, helping to inform policy improvements. I am attaching a flyer and a participant information sheet. Here is the link to the survey: <https://app.onlinesurveys.jisc.ac.uk/s/leeds/psi>

Kindest regards

Fardous Bahbouh

## Call For Participants

Are you a **UK public services interpreter** working in settings such as the police and Ministry of Justice, NHS, education, immigration, housing, or welfare services in the UK, in spoken languages?

**Your voice matters – and I want to hear from you for my PhD study!**

What's involved?

- A 20-30 minute anonymous online survey
- All questions are optional
